WHO WE ARE

Founded in 1986, Greenwich Green & Clean is committed to the concept of public/private partnerships: the principle of "shared ownership" of public space. We facilitate opportunities for volunteers to accomplish projects which are not covered by Town or State budgets.

GG&C forges relationships with groups that have similar environmental interests. We identify a need in Town and fill it with volunteers, the key to our success, by collaborating with:

- Residents & businesses
- School children
- Civic groups
- Garden clubs
- The Town of Greenwich
- Neighborhood associations
- Community service referrals

WHAT WE DO

- Hang baskets in summer and winter
- Organize cleanups throughout Town
- Provide opportunities for community service
- Distribute and plant daffodil bulbs
- Educate children
- Landscape and maintain State highway exits
- Beautify town traffic islands and parks
- Teach and implement recycling
- Remove invasive vines and plants
- Coordinate private gifts for public property
- Participate in Town planning
- Award prizes for beautification and environmental improvements

RECYCLING PROGRAMS

GG&C works closely with the Greenwich Recycling Advisory Board (GRAB). We distribute educational material and teach the concepts of effective recycling stressing the importance of protecting and caring for our environment.

WHY WE SUCCEED IN GREENWICH

All over America, groups similar to Greenwich Green & Clean have reached the same conclusion: beauty deters trash.

GG&C initiates a variety of beautification projects in every season. We encourage and support individuals, groups and businesses to make contributions which enhance our community.
